

Ilsham C of E Academy Summary Risk Assessment: Phased Opening For Schools During Covid-19

In September, schools will reopen to all pupils. This risk assessment outlines the proposed risks and measures we have put in place to minimise the risk of transmission of COVID-19.

School: Ilsham C of E Primary School	Risk Assessor: Misss Ryan and Trust Health and Safety Lead
Description of Risk Assessment	Assessment of risk involved in the full reopening of school and nursery sites following the COVID-19 lockdown. It is the Government's plan that all pupils in all year groups will return to school full time from the beginning of the Autumn Term. While COVID-19 remains in the community, schools must make judgements about how to balance and minimise risks from Covid-19 with providing a full educational experience for children. Schools must work through the System of Controls and adopt measures which address the risk in full opening and delivering a full curriculum. The System of Controls are actions that schools Must take and are grouped into 'prevention' and response to infection'. https://www.gov.uk/government/publications/actions-for-schools-during-the-coronavirus-outbreak/guidance-for-full-opening-schools

Identified Risk	Measures To Manage and Reduce Risk	Risk after measures in place	Who is Responsible
1.	<p>Entrance and exit to the school site causing large groups of parents inside school grounds and compromising social distancing requirements.</p> <p><i>Stagger drop-off and collection times and use of multiple drop off/collection points.
