Summer 2

EFYS

Understanding the World
Maps and stories of my own journey

Understanding the World
Describe different environments

Understanding the World
What is it like to live beside the sea?

Year 1

Our Local Area
What is it like in and around my school

Torquay Study—Human and Physical Features
What are the human and physical features where I live?

Hot and Cold Places in the World
Are some places in the world hotter than others?

Year 2

UK and Weather Patterns
What is the weather like?

Physical Geography affecting Land Use
How can we compare the features of places?

Comparing Beaches: Oddicombe and North America
Are all beaches the same?

Year 3

Study of Land Use Patterns
How are Dartmoor and Torbay similar and different?

Comparison Study: Exeter and Rome
What are the similarities and differences between the human and physical features of Exeter and Rome?

Volcanoes and Earthquakes
Where do natural disasters occur?

Year 4

Mountains
How do mountains affect settlement and land use?

Around the World Global Patterns
What can I predict about a place based on its location?

Water Cycle and Rivers
What is the water cycle?

Year 5

Scandinavia
How do people interact with and impact on the natural world?

Hemispheres and Time Zones
How can we pinpoint locations at a global scale?

South America Biomes and Vegetation Belts
Why are environments different?

Year 6

Migration, Settlement and Land Use
North America
Why do people migrate?

Sustainability
Natural Resources
What choices can we make to live more sustainably?

Describing Locations using Aerial Images
Are all maps the same?
